Halkano

Halkano lives with his mother and 7 siblings (4 brothers and 3 sisters). Halkano is from a Christian family and loves to sing. His father passed away two years ago after an extended illness, which left his mother, Kulle, to be the sole provider for the family. Kulle struggles to provide for her children. Halkano's faith plays an important role in giving him the strength to continue to push forward in life.

Sponsorship for Halkano would make a huge difference in his life. It would ensure that he can continue his education and also receive assistance towards expenses such as food, clothing, and shelter.
